## INSTRUCTIONS

### PARCEL NUMBER COLUMN

List all locally assessable parcels in the TID that are being subtracted. Include all exempt property except municipal-owned.

### CLASSIFICATION COLUMN

In this column indicate the assessment classification of each assessable parcel. Class 1-Residential, Class 2-Commercial, Class 4-Agricultural, Class 5-Undeveloped, Class 5m-Agricultural Forest, Class 6-Forest, Class 7-Other, or X-Class Exempt\*. Classes 4, 5, 5m or 6 must not have improvement values.

\* Include all exempt property except municipal-owned.

### OTHER TAXING ENTITIES COLUMNS

For each of the next six columns (school district through county):

- a. In the column heading, list the name of the taxing jurisdiction in which the TID lies.
- b. In the boxes below, place a check mark in the columns that apply for each parcel.

### ACRES

Give the number of acres being subtracted.

### OVERLAPPING TIDS COLUMN

**USE THIS COLUMN ONLY IF TID HAS BOUNDARIES THAT OVERLAP AN EXISTING TID(s).**

### ASSESSED VALUE OF REAL PROPERTY COLUMNS

In the blank provided in the center heading of the last three columns, fill in the base year in which the assessed values were determined. This should be the same as the creation year of when the TID was created or year when TID was amended.

For each parcel, list the value of the land, improvements and total assessed value. Also, include parcel numbers for exempt property OTHER THAN TAX-EXEMPT MUNICIPAL-OWNED property (e.g., county courthouse). Tax-exempt municipal-owned property will be listed separately on its own parcel list (PE-619S). State assessed manufacturing real and personal property are also listed on separate parcel list (PE-608MS & PE-608MPS).
